- 500,000 km or 6,000 hours Class 1 driving experience in the last 10 years
- Clear Criminal Record Check
- Clean Driving Abstract
- Excellent communication and time management skills

United Transportation Driver Training (United) was the dream of a Manitoba truck driver turned instructor. Having logged three million miles, he realized the need for driver education that would not only meet minimum regulatory standards, but far exceed them. United was born out of the founder's philosophy to never settle for "good enough" driver training when superior training can be provided. Today, this passion for the trucking industry and for training excellence is shared by our team, assuring that United graduates go out on the road with the best possible training.

We want to see our students succeed in the trucking industry, whether they are company drivers, owner-operators or farmers hauling their own produce, and we do our best to make that happen. The industry is experiencing a major shortage of drivers and a large percentage of drivers are reaching retirement age, which will create an employment gap. We believe that education is extremely beneficial for the safety of the new driver and helps them to meet sometimes overwhelming challenges as they embark on the exciting adventure of driving truck.

With this vision in mind, we are growing and looking for a **Class 1 Driving Instructors** to join our team in Winkler, Brandon or Blumenort, MB!

Interested and qualified applicants should submit their resume including driver's abstract and criminal record check to:

Human Resources
Email: hr@slt.ca

We thank all who are interested in this opportunity with United Transportation Driver Training, however, only those selected for an interview will be contacted.
